

# Continuum of SGBV risks among Syrian Refugee Women and Girls in Lebanon

- SenseMaker®
- 1422 self-interpreted stories (1346 unique)
- Women → ALL first-person stories
- Men → Random selection (every fifth story out of 701)

## SGBV Across Lifespan

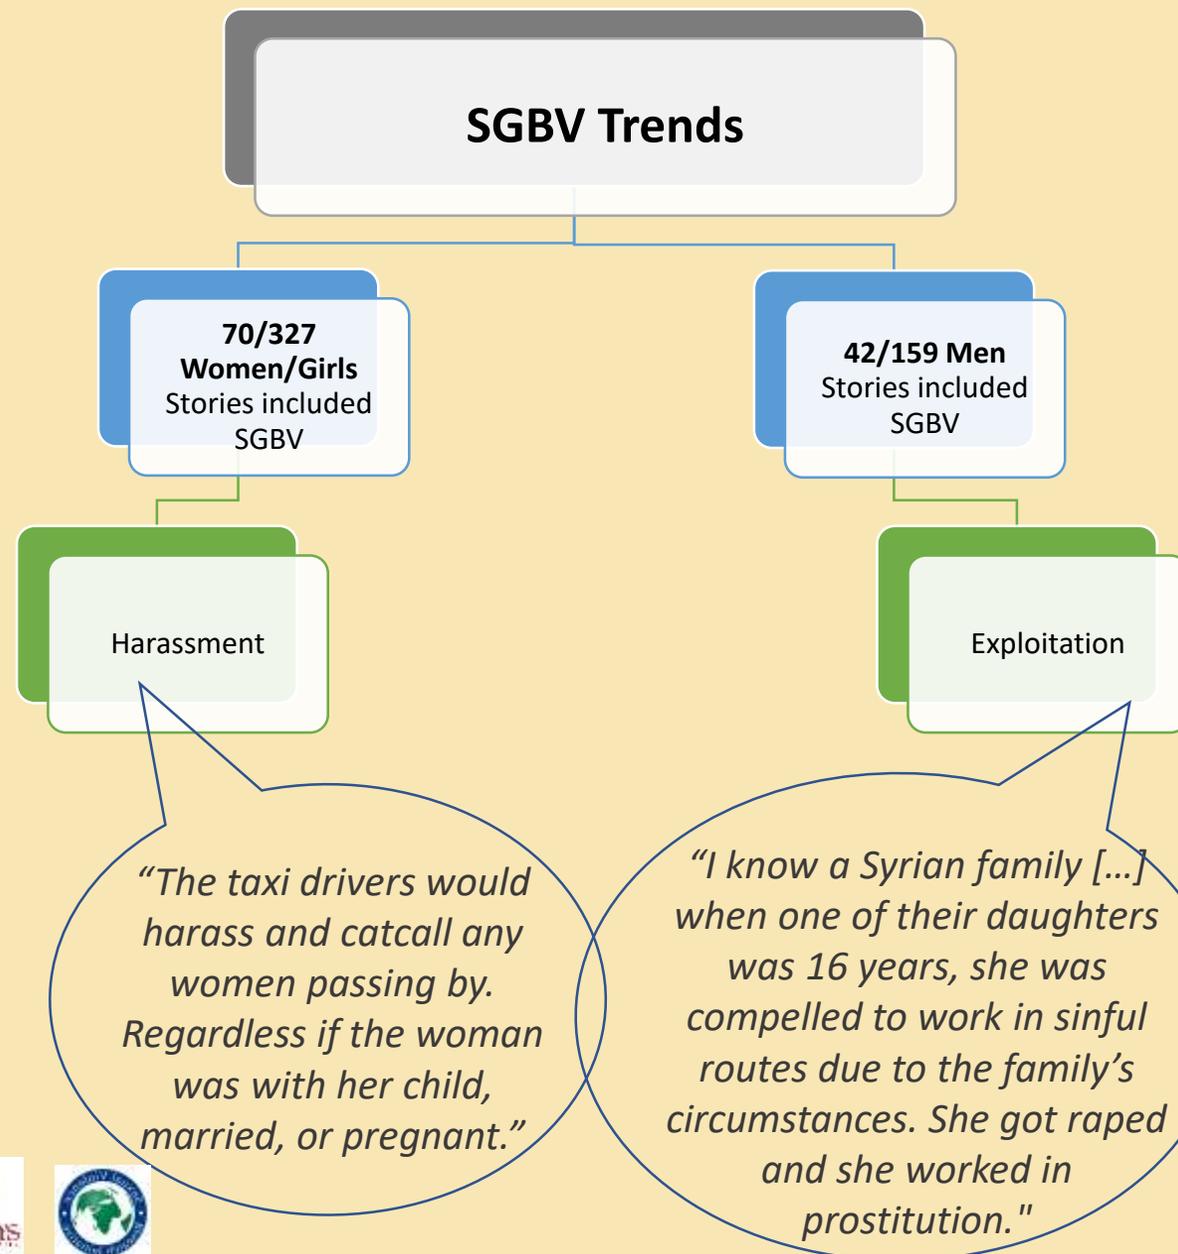

**Early Adolescence:**  
Public (Harassment and Assaults)

**Post Marriage:**  
Inability to leave violent marriages

**Adolescence + Early Adulthood:**  
Private (Increased EFCM + IPV)

## SGBV Trends

*"The taxi drivers would harass and catcall any women passing by. Regardless if the woman was with her child, married, or pregnant."*

*"I know a Syrian family [...] when one of their daughters was 16 years, she was compelled to work in sinful routes due to the family's circumstances. She got raped and she worked in prostitution."*
